Subject: BDAC Ecosystem Restoration Work Group

The next meeting of the BDAC Ecosystem Restoration Work Group will be held on Tuesday, September 24, 1996 from 9:00 a.m. to 12:00 noon, at 1325 J Street, Room 1946, Sacramento, CA. **Please note this is a different room from the normal meeting!! It is located directly across the street from the Sacramento Convention Center on J Street. Pay parking is available in the building and in other areas nearby.**

Attached to this memo is an agenda for the upcoming meeting in addition to material that will be helpful in preparing for the meeting. We intend to focus this meeting on reviewing the Adaptive Management Process (given the insight gained from the presentations at the last meeting) and reviewing the progress on the development of targets currently being conducted by CALFED staff. Additionally, we will begin a discussion on the institutional and process oriented assurances that will be necessary to ensure ecosystem restoration.

We look forward to your participation at the next meeting.
